

**YSSC Open Show – 8<sup>th</sup> of February 2025**  
**Judge Serena TRILLOU (Moorstile)**

**DOGS**

**Minor Puppy**

**1<sup>st</sup> Botham's Balidorn Olympic Star** 6 months. A nicely coloured sable with a correct head and sweet expression, good angulation front and back but needs to fill out in front. He moved quite soundly although a little close in front.

**2<sup>nd</sup> Hateley's Mohnessee the Charm Master** 6½ months. Nice rich sable. A typical baby who should improve with age. Lovely long tail, good hind angulation but I would have liked a better shoulder.

**Puppy**

**1<sup>st</sup> and BPD Bywater's Tachnamadra Royal Salute** 8½ months. Nice head with a sweet expression and good ear carriage. Good overall construction but his movement still needs to firm up.

**2<sup>nd</sup> Balidorn Olympic Star**

**Junior**

**1<sup>st</sup> Hateley's Mohnessee's The Dream Master JW** 10 months. Very nice youngster with a good outline and sweet expression although his eye could be slightly better. He moved soundly overall but needs to tighten up in front.

**Yearling**

**1<sup>st</sup> Berry, Clegram & Clegram's Smiddyshaw Here I go Again** 20 months. Lovely shape with a good forehead and a good upper arm. His ears could be lighter. Good movement in profile but slightly tight in front coming towards.

**2<sup>nd</sup> Miles' Milesend Mulberry** 19 months old. Excellently coloured tricolour with a good overall shape. I would have liked a better upper arm which caused him to step whilst moving in profile but he was sound coming towards and away.

**Maiden**

**1<sup>st</sup> Hateley's Mohnessee the Charm Master**

**Graduate**

**1<sup>st</sup> Ribans Goldstar of Milesend** 2yrs 8 months. Sable dog with a sweet expression although his ear carriage could be better. Good upper arm and even movement but I would have liked more neck.

**2<sup>nd</sup> Milesend Black Tartan** 3yrs 7 months. Tricolour with a well proportioned head, although his ears could be better placed. A nice long tail. I would have liked a better upper arm, which led him to step slightly when moving.

**Post Graduate**

**1<sup>st</sup> and RBD Shelcrest Winter Solstice at Suthesley** 4yrs. Good angulation with a good neck and excellent depth of ribcage and a nice long tail. His head is good although slightly deep through but he has a good stop and an excellent underjaw. Moved soundly.

**2<sup>nd</sup> Milesend Blue Jeans** 5 yrs. Very good colour with a well proportioned head. He moved very soundly but his overall shape would be better with a longer neck.

## **Open**

**1<sup>st</sup> Highbrook Hobnob** 7 yrs. Rich coloured sable who moved soundly with good construction and neck. He has a good depth of chest. I would like his eye more oblique and he could have a better under jaw.

## **Veteran**

**1<sup>st</sup> and BVD Viewdale Cuddly Duddly JW** 7 ½ yrs. Rich sable with a well proportioned head and a sweet expression. Nice shape with a good slope of croupe. Moved soundly.

**2<sup>nd</sup> Solyric Inaugural Gold JW** 6 ½ yrs. An all over honest dog with a good head and sweet expression. He could have slightly better angulations and is a little close in front.

## **Special Owners Dog**

**1<sup>st</sup> Milesend Black Tartan**

## **Special Open Not Bred By Exhibitor**

**1<sup>st</sup> Milesend Blue Jeans**

## **Special Open Tri/B&W/B&T**

**1<sup>st</sup> and BOS Hillhenry In Your Honour** 19 months. A lovely smart dog with a typical outline. A good coat with excellent pigmentation. Well proportioned head and ears with a sweet expression, although his eye could be better. He has a good conformation all round which allow him to move soundly.

**2<sup>nd</sup> Shougies Secret Agent For Fernhill** 4 ½ yrs. Excellent size with correct angulations. Well proportioned head with a sweet expression. Nice even movement.

## **Special Open - Blue Merle**

**1<sup>st</sup> Lowick Blueberry** 3 ½ yrs. Up to size but a lovely silver coloured blue with good angulations and a very sound mover. A clean wedge head but his skull is slightly broad. I would like a longer neck and less length of body.

## **BITCHES**

### **Puppy**

**1<sup>st</sup> and BPB Milesend Gold Silk** 12 months. A very nice bitch, one to look out for in the future. She has a lovely wedge shaped head with a sweet expression, very good bone and moved soundly with good reach and drive. Only one criticism, the pigmentation around her eye could be darker and so could her eye. **BPIS**

**2<sup>nd</sup> Willowthorn's Roulette** 14 months. She has a sweet, naughty expression, her head is correct but needs to fill out with maturity. Lovely topline with a good sweep of croupe but I would like more neck. She moved well enough but needs to firm up.

### **Junior**

**1<sup>st</sup> Rowancrest Cinderella** 15 months. A very nice orange sable bitch with a sweet expression, good eye and ears. A nice clean skull that needs to fill out in the muzzle. Good conformation and moved with ease.

### **Yearling**

**1<sup>st</sup> Milesend Black Ribbon** 14 months. Lovely shape and topline, good coat with an intense black colour. Good head with a slight but definite stop but I would like the eye more oblique. Good enough conformation with nice short hocks.

## **Maiden**

**1<sup>st</sup> Milesend Gold Lace** 12 months. Another one to look out for! Sweet expression and good head with excellent parallelism, a good underjaw and a dark eye although her ears are slightly low set. Good angulations and she was very sound.

## **Graduate**

**1<sup>st</sup> Ribans Starlet of Milesend** 2 years. Lovely outline with a good neck. Good conformation with nice tight elbows and depth of chest. Good head and sweet expression which should fill out with age but I'd like more underjaw. Moved soundly.

**2<sup>nd</sup> Keycharm Samba** 2 years. A nice sound bitch with a good neck and slope of croupe although she is slightly long. Well constructed but she could tighten her elbows. Good head and expression but I would like the eye more oblique.

## **Post Graduate**

**1<sup>st</sup> Tachnamadra Button Moon at Fernfrey** 4 years. Well pigmented tricolor, nice size with excellent bone. Good conformation and moved with ease although she is a little narrow in front. Good stop and skull although slightly deep through. Her eye is a tad light which takes away from her otherwise sweet and attentive expression.

## **Limit**

**1<sup>st</sup> Rannerdale Honeybee at Highbrook** 4 ½ years. Very sweet bitch, nice type and shape with excellent coloring. Nice expression, but I would like her eye more oblique. She moved soundly but could tighten up her elbows.

**2<sup>nd</sup> Milesend Shadow Dancer** 2 yrs 4 months. Lovely molded head with a pleasant expression although her eye is slightly light. Excellent conformation with nice short hocks, moved well.

## **Open**

**1<sup>st</sup> and BOB Sonymer Illusive Gold at Rowancrest** 3 years 10 months. I loved this classy bitch with a feminine head and a very sweet expression. Lovely typical outline, this is a well constructed bitch with a very good shoulder enabling her to float around the ring. The only negative point I can make about this otherwise stunning bitch is that I would like her to have more bone.

**2<sup>nd</sup> Keycharm Samba** almost 3 years. Sweet expression with a nicely molded head although very slightly deep through, her eye could be darker. She is well constructed but slightly lacking bone. Moved well.

**1<sup>st</sup> and BV Mohnessee Sweet Dreams JW** 7 years. Lovely golden sable bitch. Good head with a well filled out muzzle, sweet expression. Lovely outline with a good reach of neck. Well constructed all together although slightly long in hock. She moved very soundly.

**2<sup>nd</sup> Balidorn Solitude at Solyric JW** 9 years. Very nice well conserved bitch, she has a lovely topline and expression and moved freely. She has a good depth of ribcage but could have tighter elbows.

## **Breeders Open – Bred By Exhibitor**

**1<sup>st</sup> Ch Mohnessee Enchanted** 5 years. Nice overall type with a good topline and reach of neck. Nice wedge shaped head with excellent ear carriage but her dark eye could be more oblique. Construction correct, but she is a little loose in the elbows and she can stand under herself and look slightly over bent in stifle.

**Special Open – Not Bred By Exhibitor**

**1<sup>st</sup> Balidorn Golden Amber** 5 years. Lovely honest bitch with a sweet expression and well sculpted skull and nice tight lips. Well constructed with a good depth of chest. Good pigmentation. I would like more bone.

**2<sup>nd</sup> Tachnamadra Button Moon at Fernfrey**

**Special Open – Tricolour/B & W/B & T**

**1<sup>st</sup> Ristine Emerald** 6 years. Good overall shape but slightly long in body. Good tan and very black. Very good bone and conformation and she moved very soundly. Very nice full and rounded muzzle on a pretty feminine head. Her eye could be darker.

**2<sup>nd</sup> Mohnessee's Meliya JW** 1 year 9 mths. Very feminine with a sweet head and a good topline and colouring. She moved well enough but stepped slightly. I would like her eye more oblique.

**Special Open – Blue Merle**

**1<sup>st</sup> Echolyn Polyphonique** 4 years. Wonderful colour blue with great bone and good construction although she could have more neck for her size. Head correct. Great temperament. Up to size.
